

# Family Time

## Activities for all the family

A game to play together

**Have fun!**

Enfield School and Early Years Improvement Service are suggesting a range of activities that families, big and small can together.

### **Grandma Went to Market**

#### **A game for the whole family**

One player starts by saying 'Grandma went to market to buy...' (add one item, for example potatoes).

The next player adds by saying 'Grandma went to market to buy potatoes and eggs.'

The next player adds again 'Grandma went to market to buy potatoes, eggs and a pair of shoes.'

Keep going, trying to remember as many items as you can. Each player can have more than one turn.

Have fun with this by changing the character, where they are going, what they are doing or by having a theme, for example Grandma buys only vegetables, or clothes, or sees (rather than buys) animals, or vehicles.
