One in three people don't know they have coronavirus, and could be spreading it without realising.

If you cannot work from home during the lockdown, protect your family and friends and the wider community and get tested twice a week to ensure you do not have the virus.

Our centres are open 9am to 6pm daily and you don't need symptoms to be tested.

Do not visit these centres if you have been told to take a test for the South African variant of coronavirus or if you have symptoms.
