

 COVID-19 test results

After  my  COVID-19  test,  I  have to  wait for the  results.  Someone
 will come and  tell  me the  results.

 If the result  is negative,  I can  stay at  school  in my  bubble.  I
 still  have to  wash my hands,  make space and  wear a face mask.

 If the result  is positive,  I  will have to  leave my  bubble and  wait
 in a different  room  while someone  comes to  take me  home.  I will
 have to  stay at  home  for 10 days.  I  will not be  allowed  out. This
 is to keep myself and  others  safe.  I will be  allowed  out and
 back to school  after 10 days.
