

## Washing my hands

I need to help keep everybody safe from Coronavirus.

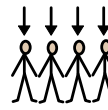

I will have to wash my hands lots of times at school and at

home.

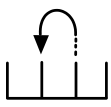

This will help keep me safe and everybody else safe.

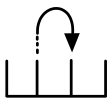

I will have to wash my hands:

● When I get to school

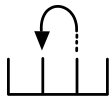

● Before I go to the toilet

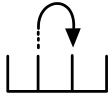

● After I go to the toilet

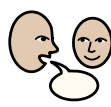

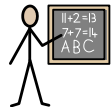

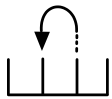

- Before I eat

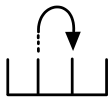

- After I eat

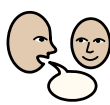

- When my teacher tells me to

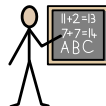

- Before I go home

- After I get home

- When my family tells me to

When I follow these rules my teachers and family will be

proud of me.
