ENHANCE TEACHING AND LEARNING THROUGH EDTECH SUPPORT

The Department for Education has extended the funding for the EdTech Demonstrator Programme. This supports publicly-funded schools and colleges in England with access to free, peer-led help and advice to support the effective use of technology in teaching and learning.

? DO THESE SOUND FAMILIAR?

Should I embed technology into my school strategy and how?

How can we enhance teaching and learning with EdTech?

Can blended learning augment teaching? How?

What tools will help, when, and how?

IF YES, THE EDTECH DEMONSTRATOR PROGRAMME CAN HELP:

ASSESS NEEDS **1**

DELIVER SUPPORT **2**

EVALUATE BENEFIT **3**

EDTECH BENEFITS AND AREAS TO CONSIDER TO ENHANCE TEACHING AND LEARNING

> Set assignments and monitor progress

> Improve shared access to resources

> Accessibility for all learners

> Making the most of the budget you have

> Reduce preparation and planning duplication

> Delivering in classroom and online

> Quiz apps to check learning and understanding

> Virtual or recorded CPD provides flexibility

REGISTER FOR FREE, PEER-LED SUPPORT

UP TO 30 HOURS OF SUPPORT AVAILABLE UNTIL MARCH 2022

EDTECH Demonstrator Programme
