

STRAND 5

THE ECASS OFFER

ECASS TRIAGE & SUPPORT PROCESS

ONLY AVAILABLE FOR NON-TARGET SCHOOLS

At the final visit, where the ECASS team deem appropriate, for specific children, they will either recommend for alternative Local Offer services such as the DLD/DCD care pathways or signpost the school to consider a possible request for Statutory Assessment

For these agreed/specific children the final report will be written in a format that could feed into a statutory assessment application. In these cases, they will be kept in the CYP's case note file for a duration of **6 months only**.

Strand 5 Pilot: Support Package A

Session 1:

A face-to-face SALT assessment will be carried out.

Session 2:

A programme of recommended strategies & SALT demonstration to key practitioners and parents/carers.

Strand 4 engagement

School attends 'Best Practice Network Meetings' held by SLCN Teachers.

Session 3:

A review consultation will be offered to key practitioners & parents/carers of pupils.

Updated recommendations by SALT with discharge notes will be sent to parents/carers & school.
