

E-TIPSS Briefing for Partners

May 2022

This 3-hour briefing introduces the E-TIPSS programme. The session will cover complex trauma, what a trauma informed school looks like, introduce the ARC (Attachment, Regulation and Competency - Blaustein & Kinniburgh, 2019) framework and provide an overview of the E-TIPSS offer available for Enfield schools & settings.

Attachment Regulation Competency
Blaustein & Kinniburgh, 2019

Intended Audience:

This session is designed for Partners who are interested in how trauma informed practice can help them respond to government expectations around mental health and behaviour.

E-TIPSS Training for Partners May 2022

Enfield Trauma Informed Practice Partnership presents: The ARC Framework: Trauma Informed Practice in Schools Training

This is a comprehensive training on the Attachment, Regulation and Competency (ARC) Framework and aims to enable school teams and partners to implement a whole school trauma informed approach to their setting. This is an essential first step for Senior Leaders in supporting their staff to have a shared understanding and language, promoting a whole school approach to thinking about children and young people's needs and how to help them feel safe.

Intended audience:

This training can benefit anyone working in education, health, or social care. It is targeted at Senior Leaders and those who have responsibility for ensuring the mental health and wellbeing of their school community. We recommend that each school brings a member of their Senior Leadership team and up to two members of staff who are interested in the implementation of E-TIPSS in their school/setting. We are running two cohorts of training.

2 full days training
