

Enfield Inclusion Charter Launch Event

The Enfield Inclusion Charter is a set of 8 principles for early years settings, schools and colleges to commit to providing an inclusive education for children and young people in Enfield.

The Charter has been developed by children and young people, headteachers, teachers, parents and carers, council officers, health partners and voluntary sector organisations through a series of workshops, focus groups and presentations of best practice.

Target audience:

Headteachers, SENCOs, School Leaders, Professionals that work in schools, Governors.

You are invited to join the Inclusion Charter Launch Event and hear about our journey in creating this document and its relevance for your setting. At the heart of this, is a culture where we embrace difference; where barriers are minimised or removed; and where the everyday lived experience, interests and needs of children and young people with Special Educational Needs and Disabilities (SEND) are better understood.

We are excited to have an exceptional young lady from Ambitious About Autism present about her school experiences, as well as schools sharing their views on inclusion.

We then invite your setting to sign up to the Inclusion Charter and show your commitment to provide an inclusive education.
