

E-TIPSS Training for Schools, Settings and Partners March 2023

Enfield Trauma Informed Practice Partnership presents: The ARC Framework: Trauma Informed Practice in Schools and Settings Training

This is a comprehensive training on the Attachment, Regulation and Competency (ARC) Framework and aims to enable school teams and partners to implement a whole school trauma informed approach to their setting. This is an essential first step for Senior Leaders in supporting their staff to have a shared understanding and language, promoting a whole school approach to thinking about children and young people's needs and how to help them feel safe.

Intended audience:

This training can benefit anyone working in education, health or social care. It is targeted at Senior Leaders and those who have responsibility for ensuring mental health and wellbeing of their school or service. This includes Head Teachers, Deputy Headteachers, Assistant Headteachers, Pastoral Leads, Behaviour Lead, Safeguarding Leads, SENCOs, Head of years, Senior mental health leads, Designated teachers for LAC etc. We recommend each school or service to bring up to 3 members of staff who are interested in the implementation of the ARC Framework in their setting.

2 full days training
