

Spaces for Women

Fore Street Living Room Library,
Thursday 6th April, 4.30-10.30pm

Join us at Fore Street Living Room Library to celebrate women in Upper Edmonton and to discuss women's safety in public spaces. There will be live music, spoken word poetry performances, film screenings, artwork and an exhibition.

Family activities include:

Words Meet Art Workshop, 4.30-6.50pm

This fun drop-in workshop is for all ages and will encourage participants to create art/poetry that celebrates women and reflects on the importance of them in our lives.

Nigerian Food from Coal City

To celebrate a local female cook and business owner, we will be serving free, delicious Nigerian food from the brilliant Coal City run by the wonderful Anthonia Aghaji.

Spoken Word Poetry Performances, 4.30-6.50pm

There will be spoken word poetry performances and readings celebrating women and exploring the issue of women's safety in public spaces.

Artwork by Claudia Clare

There will be a collection of Claudia Clare's ceramics displayed at the library during the event. Claudia is a potter, writer and feminist activist. In her artistic practice, she uses ceramics to tell stories which relate to contemporary social issues, such as feminism and nationalism.

Artwork by Women from Edmonton

The screen prints will be created by local women from Edmonton as part of the 'Women's Safety in Public' course, facilitated by The Daughter's United and local artist Jenni Allen.
