A young girl with light brown, curly hair and blue eyes is looking directly at the camera. She is wearing a light blue hoodie. The background behind her is a large, stylized circular shape in shades of blue and pink.

Rubella

(german measles)

can be serious

Is your child up to date on
their routine vaccinations?

Rubella can make your child feel very unwell and if they come into contact with someone who is pregnant, there can be complications for the unborn baby.

There is no cure for rubella.

Vaccination is the only protection.
