

The SDQ Project – Supporting the Mental Health of Vulnerable Children in School

Date: Thursday 25th January 2024 **Time:** 10:00-11:30

Led by: Kazia Fulmyk (Senior Advisory Teacher for CiN)

Open to: Enfield Schools, DSLs, SMHLs

Aims of the session:

- To understand the purpose of a Strengths and Difficulties Questionnaire; and how they can be used as a supportive tool to monitor the mental health of our pupils
- To look at case studies and discuss how/if the SDQ feedback would inform next steps for the pupil's individual support
- To work in turn with a colleague, record and analyse an SDQ for a known young person (*please attend with a pupil in mind – no personal details will need to be provided*)
- To consider how the SDQ toolkit could be used within your setting
