We are pleased to introduce the new Schools Traded Services digital brochure for 2024/2025. This year, we have made the decision not to produce a physical copy of the brochure to mitigate additional costs.

We trust you will enjoy perusing this year's edition, which we believe provides a comprehensive overview of the services on offer. Detailed descriptions and pricing information can be found on The Hub at <https://traded.enfield.gov.uk/thehub>

SCHOOLS & EARLY YEARS IMPROVEMENT

Working in partnership to achieve the best outcomes for children and young people.

The SEYIS Team delivers statutory and core school improvement support in the London Borough of Enfield. The team consists of experienced advisers, including current Ofsted inspectors and specialist early years, SEN and governance advisers.

The team works in partnership with you to strengthen leadership and management, improve teaching and learning, build capacity at all levels and improve outcomes.

In the academic year 2024/25, each LBE maintained school will have a termly visit with their Link Adviser. We will also be offering those schools a half day for headteacher performance management. From Sept 2024, schools will be allocated an EYFS advisor from a school that has achieved Outstanding in their Early Years phase, within this Ofsted inspection cycle.

The SEYIS team is strengthened by using a pool of well-regarded external consultants who are quality assured by the LA and given training on the local context. When a school or setting buys a package, it is discussed with the school's link adviser. Individual days within the package may be allocated to either LBE staff or to consultants, depending on the expertise needed. We will work with the Professional Learning team to draw up a bespoke commissioning plan for each school, if there is need.

There is also a traded SLA offer that provides highly effective, responsive support tailored to meet individual school improvement needs. Bespoke professional learning may be included. Depending on what is needed, or who is delivering this training, it will count as a half or whole day of the time from a package. Individual days can be bought at any time.

There are a number of packages below that can be bought that provide economy of scale for schools. There are suggestions about how a school might wish to use the time that they buy.

Discussion with Head/SLT will inform the commissioning plan for each school that has bought a package, ensuring that support is tailored to individual contexts', but initial conversations may be able to identify the best use of the days. This will ensure that the school is able to tailor the support to their individual context.

School Improvement Package One: 9.5 days

The following suggestions are examples of how the days could be used. Schools would discuss how to use their days with the Link Adviser.

- Feedback on the school self-evaluation and forward plan (1 day - half day onsite, half day prep and write up)
- Curriculum health check (2.5 days – two advisers on site for one day, plus prep and write up time)
- Working with three middle leaders to support and challenge the quality of curriculum (curriculum conversations 1.5 days –on site for one day, plus prep and write up time)
- 2 targeted learning walks (2 days – four hours on site per walk and write up)
- Interviews with Governors and pupils (1 day to include prep and interviewing Governors and pupils)
- Targeted Ofsted support and Ofsted training for staff and Governors (1 day including prep time, and for two sessions, one with each group)
- Half day quality website check

School Improvement Package Two: 6.5 days

The following suggestions are examples of how the days could be used. Schools would discuss how to use their days with the Link Adviser.

- Curriculum health checks (2.5 days – two advisers on site for one day, plus half a day prep and write up time)
- Working with three middle leaders to support and challenge the quality of curriculum (curriculum conversations) (1.5 days including prep and write up time)
- 2 targeted learning walks (2 days – four hours on site per walk and write up)
- Half day quality website check

A number of these activities would be expected to run concurrently.

School Improvement Package Three: 5 days

The following suggestions are examples of how the days could be used. Schools would discuss how to use their days with the Link Adviser.

- Four additional half day link adviser visits (3 days including write up time)
- One day review from link adviser (1.5 days including prep and write up time)
- Half day quality website check

Although purchasing the above packages provide an improved economy of scale for schools, you can opt to purchase individual elements of these three packages.

Peer to peer reviews with external QA – 4.5 days

This is based on three schools wishing to work together. The total price quoted is split between the three participating schools. If you would like to do this with a different number of schools, please ask for a price.

- 1 day for the adviser to consult with the schools, arrange dates and hold a scoping meeting with the three headteachers
- 1 day per school for the adviser to work with the heads in each school to conduct a review
- 0.5 days for adviser to follow up (write up will happen in the final review meeting of each day onsite.)

Function: Headteacher Performance Management

- Half a day as external adviser. This is offered at no cost to school for all LBE maintained schools.

Outcome: Acts as a supportive and challenging partner by an annual meeting with headteachers and support for governors. Raising attainment for all pupils, including vulnerable groups.

EXECUTIVE COACHING

What is Coaching?

EARLY YEARS SOCIAL INCLUSION

Early Years SEND Team is a multi-disciplinary team which is part of Enfield Education Service. It supports schools in meeting the developmental needs of children facing difficulties in a range of areas.

Service Includes:

- Social, emotional and mental health (SEMH)
- Motor development
- Sensory processing
- Speech, language and communication (SLC)

The team is made up of colleagues from Health and Education, and includes specialists in:

- Nurture groups and attachment difficulties
- Makaton and augmented communication
- Communicate in print and visual learning
- Multi-sensory and kinesthetic learning
- Speech and language therapists
- Occupational therapists
- Physiotherapists

Much of the work is dedicated to early intervention, as well as enabling schools to meet the needs of children and young people who are at a delayed developmental stage. We work in a way which is flexible, responding to schools' emerging priorities.

Supporting schools in the implementation of three evidence based, tried and tested interventions across Early Years and Key Stages 1, 2 and 3:

- Nurture Groups
- Language and Social Skills groups (LASS)
- Tiger Teams

EDUCATIONAL PSYCHOLOGY

Enfield Educational Psychology Service (EPS) is the main provider of psychological services to Enfield schools. We have direct links to services in education, health and social care, enabling a coordinated approach.

The EPS works at different levels with schools to support children and young people's learning and wellbeing. This includes applying psychology with:

- Whole-school work such as training, projects and policy development. Some whole-school initiatives with EPS involvement are delivered at no cost to schools, such as My Young Mind Enfield, E-TIPSS, ECASS and EASA.
- Staff development, e.g. training and supervision/reflective practice support.
- Individual children and young people and their families, where there are concerns about their learning, development, emotional wellbeing or behaviour.
- Groups of children and young people, e.g. facilitating workshops or delivering interventions such as managing anxiety.
- Groups of parents and carers, e.g. facilitating workshops or deliver parenting programmes. Please note that some parenting programmes delivered with EPS involvement are accessible at no cost to schools through EASA, ECASS and SWERRL.

We work with you to identify your priorities for each term, and to agree the way we will work together. This planning time will need to be factored into your purchasing.

Our school partners say:

"Thank you for all the work you do to support me, as well as, the children in my school."

"We have had a really great service from the EPS this year and have very much appreciated the hard work and support of those involved."

When we work with individual children and young people (on SEN Support or with an EHCP), your school and families can expect:

- A first meeting (consultation) bringing together parents and school staff to explore what is going well, what the child's needs might be, and to identify what we might need to find out more about.
- Further assessment as agreed together. We might observe the child in their classroom or playground, have more conversations with school staff or parents, or do some individual work or assessment with the child. We will usually meet with the child to understand their views of the situation.
- A feedback and action planning meeting (where needed), bringing together parents and school to come to a shared understanding about the child's needs, and to agree together the next steps to support the child.
- Review meetings (where needed). It may be that further thinking or information is needed to ensure that the support in place is helping.
- A written record following direct work. This sets out the work we have done, the shared sense of the child's strengths and needs, and the agreed support plan/recommendations. This will usually have been discussed with schools and parents/carers along the way, so it typically does not contain new information. If we are joining a school review meeting, schools will usually provide the written record or updated IEP/LSP.

The EPS staff includes:

- Qualified Educational Psychologists who are registered with the Health and Care Professions Council (HCPC).
- Trainee Educational Psychologists who are enrolled on approved training courses and work under the supervision of qualified EPs within the team.
- Assistant Educational Psychologists who work in partnership and under the direction of our qualified EPs.
- Qualified Locum and Associate Educational Psychologists (for statutory work only).

The EPS also offers some services which are commissioned by the Local Authority – there are no additional charges to schools for these services:

- Providing psychological advice as part of a child or young person's Education, Health and Care Needs Assessment.
- Offering a rapid response to school leadership teams to support them in helping their school community following a critical incident or sad event. Please e-mail eps@enfield.gov.uk to access this help.
- EPS involvement through other multi-disciplinary teams, i.e. EASA, ECASS, Youth Justice Service, Virtual School for LAC/CiN/CP, My Young Mind Enfield (MYME) and SWERRL.

The EPS evaluates all of our work, using parent/carers and school surveys and other approaches.

Parents and carers say:

"Very happy to have an outcome and for my daughter to be helped."

"Very helpful and friendly. The Trainee EP was amazing and took into account all she was told."

Parents are required to make an application which includes a request for the applicant's national insurance number. Parents are not required to provide documentary evidence of the benefit they receive but must sign a declaration on the completed form. Enfield has access to a secure Eligibility Checking System that holds data from the Department for Work and Pensions, Home Office and HM Revenue and Customs.

On receipt of the completed application, the Pupil Benefits Team will use the DfE's Eligibility Checking System to determine a family's entitlement to free school meals.

If a family does not receive a qualifying benefit, the Pupil Benefits Team will confirm this with the parent and alert the school by secure file transfer detailing this. Once determined, families have a continuous entitlement to free school meals but are obliged to inform the school or Pupil Benefits Team of any change to their benefits.

The Pupil Support Team will carry out termly checks on the Eligibility Checking System and will write to parents only if a negative return is received. Cancellation reports will be sent to schools by secure file transfer. For those who apply and are not entitled, parents will be advised of this.

The Team provides advice and guidance to schools and parents on the procedure on application and qualifying benefits. FSM entitlement reports are provided to all schools at the beginning of the year. However, entitlement reports can be provided on request at any time.

POLICE CYBERALARM

The EN Digital team are happy to offer free advice on Police CyberAlarm.

A Cyber Security Breaches survey (2022) conducted by the Digital, Culture, Media & Sport (DCMS) found 41% of primary schools and 70% of secondary schools surveyed had identified cyber breaches or attacks during 2021-2022.

Secondary schools saw a significant increase in identified breaches in attacks in 2022 over 2021 with 70% reporting breaches in 2022 compared to 58% in 2021.

Schools hold a substantial amount of personal, and often sensitive, data on their staff, pupils and their families. They may also hold information on behalf of volunteers, contractors and other partners.

What is Police CyberAlarm?

Police CyberAlarm is a tool to help you understand and monitor malicious cyber activity against your network. This service is made up of two parts: monitoring and vulnerability scanning.

Police CyberAlarm will detect and provide regular reports of suspicious cyber activity, enabling your school to identify and take steps to minimise your vulnerabilities.

The data collected by the system only contains summary information (meta data and header information) about communications your school receives from the internet. The system is designed to protect personal data, trade secrets and intellectual property.

The EN Digital team will assist with signing up to Police CyberAlarm and install a virtual or physical 'Police CyberAlarm Collector' on your network, which will be used to collect and process traffic logs to enable the identification of suspicious and malicious activity from your firewall/internet gateway, Network Intrusion Detection/Prevention system (IDS/IPS), Network Anti-Virus and Anti-Spam filters.

Police CyberAlarm is a monitoring system and does not interfere with normal network operations.

What information does Police CyberAlarm collect and how is it used once collected?

The Police CyberAlarm Data Collector installed on your site first identifies suspicious data and by doing so automatically filters out any internal traffic and data from known trusted sources. The remaining data is then encrypted and transmitted to the Police CyberAlarm servers where it is collated, verified, analysed and shared between police forces allowing them to identify new trends, patterns, and cyber-attacks. It is also then possible to identify whether there are repeated trends or patterns on particular services, products, or devices. This information can be used to inform advice and guidance to member organisations and others, as well as to enable the police to take enforcement action.

Each school will benefit from their own report which will include the identification of the new trends and attacks allowing them to better defend themselves against such attacks.

For free advice on Police CyberAlarm, please place an order on The Hub at £0 and the EN Digital team will be in touch.

ENERGY MANAGEMENT

The Energy Management Team provides a professional, customer-focused service committed to delivering value for money energy (gas and electricity) contracts at a time of rising prices and constrained budgets.

This includes:

- Arranging risk managed, flexible, long-term, benchmarked, value for money
- Gas and Electricity contracts
- Carrying out regular reviews of best value approach
- Attending regular workshops to evaluate and improve supplier and buying agency performance
- Providing expert procurement advice and support
- Providing advance notification of new tenders, contract renewal and price changes
- Ensuring compliance with EU, national and statutory regulations

Enfield are committed to purchasing through LASER's (Local Authorities South East Region Energy Ltd part of Kent County council) which enables LASER to purchase energy well in advance of the delivery period.

Energy is purchased in small chunks to build up to the required volume prior to the contract start, this allows LASER to monitor the energy markets daily and avoid purchasing at high prices.

This flexible procurement strategy allows LASER to mitigate against these spikes in the market and in turn looks to deliver a better than average price for each year of the contract.

This year has seen unprecedented market highs largely due to the situation in Ukraine but also affected by Coronavirus. LASER's flexible purchasing has been effective in mitigating the worst of these market highs.

However, the increases are not totally avoidable and so whilst there has been some success in cost avoidance to LB Enfield and its stakeholders it should be noted there will still be significant increase.

The team are able to provide support on health and safety issues that can be applied so not as to be onerous in its application to achieve service aims.

Benefits of Service

Where suitable and sufficiently competent advice and support is not available in organisations there will be clear failings in meeting legal requirements and hence considerable exposure to risk of prosecution to individuals and the organisation. Furthermore, there is additional exposure to the cost of expensive litigation.

The Enfield Council Schools' Health and Safety team can facilitate risk reduction and help develop or sustain inbuilt safety management as part of the organisational management system that meets legal requirements. Specifically, as part of a local authority dealing with schools; they are experienced in the application and requirements of legislation and how it can be effectively applied judicially in this specific arena.

The team can support you in numerous ways that includes a comprehensive system of health and safety, asbestos management processes, policies guidance etc. Moreover, they can provide the more intangible, experienced competent advice tailored to educational establishments that is very hard to find.
