

FINANCIAL LITERACY HAS BEEN RECOGNISED AT A GLOBAL LEVEL AS A **CORE LIFE SKILL IN THE 21ST CENTURY**

Financial Harmony

Do your students **access financial experts** for future financial preparation?

WHAT WE DO

We prepare 14-18 year olds for **financial independence** by enhancing enterprise competencies and teaching essential knowledge and skills to prevent setbacks experienced by the financially unprepared. Motivational content increases self belief and enhances self-esteem.

Educate

Accelerate financial capabilities: demystify technical jargon and make learning money management fun, understandable and achievable

Empower

Enhance competence to build confidence in financial capacity and employability

Enable

Equip young people with high-quality content and tools that make upskilling actionable

Support for teachers & students

Our cross-curricular approach and flexible delivery **reduces issues of curriculum overload** and **supports overworked teachers** reporting a lack of confidence in adequately teaching this subject.

Learning outcomes are above requirements for **Key stages 3 and 4** for Maths, PSHE and Citizenship.

Strengthening school provision

We provide **researched, well-structured,** and **highly engaging** courses, workshops and resources that are interactive and utilise gamification.

Our courses are made up of multiple units, covering a wide range of topics including: managing credit, creating spending plans, avoiding scams and complying with taxes.
