

# IT STARTS WITH MEN

## JOIN US FOR WHITE RIBBON DAY 2024

White Ribbon UK work to tackle the harmful masculine norms rooted in violence against women and girls.

So-called 'harmless' words and behaviour contribute to a culture of sexism and misogyny. Starting with men, we must address the attitudes and behaviours that contribute to a fear of violence for women in their day-to-day lives.

Ultimately, we want all women and girls to live free from the fear of violence.

At this conference we will explore these topics alongside hearing from keynote speakers. There will also be the opportunity to network and share your views and experiences in relation to the upcoming renewal of Enfield Council's Violence Against Women and Girls strategy.
