

Re: Reducing Smartphone Use in Childhood

Dear Parents and Guardians,

We are writing to you as a group of schools in Enfield, with the support of Enfield Council.

This letter explains that, from September 2025, **Primary School aged children will not be allowed to bring a smartphone to school**, and that the new cohort of students joining **Year 7 at Secondary School will not be allowed to bring a smartphone to school** for the duration of their studies from Years 7-11.

We also ask that you delay allowing your child to have a smartphone at all until they are aged 14 or older, and to delay access to social media until they are 16.

Why have we made this decision?

Although there are many benefits, there is increasing evidence that smartphone use has negative effects on the wellbeing and mental health of young people, and poses a number of significant safeguarding risks. Smartphone use has been linked to impaired attention and focus, sleep deprivation, mental health issues, online bullying, exposure to harmful online content and people, increased risk of mugging, and increased loneliness and social isolation. We want young people to prioritise in-person interactions and to benefit from the stronger social skills, empathy and sense of community real-world interactions offer.

In many of our schools, mobile phone bans are already in place and children are protected from some of the issues outlined above. These risks remain outside of school. We encourage parents to delay allowing children to have a smartphone at all until they are aged 14 or older, and to delay access to social media until age 16.

If you feel your child needs a device for safety reasons, consider instead a phone without internet connectivity (a 'brick' phone), an Airtag or a fully locked down phone with no internet or communication apps installed.

We know that many of you are keen to delay giving your child a smartphone at the age of 11, 12 or 13, so we hope that the position we are adopting as schools will support you in your decision to ask children to wait until they are older to get a smartphone.

We hope that you will support us in our aim to make sure that your children are happy and safeguarded by being smartphone free.
