

# STEM WITH WINGS: SLUDGE

Meet **Nicholas Nyamayedenga**,  
the Engineer of gooey gunk!

What is left when we clean water?  
Tonnes and tonnes of thick, gunky  
residue that is piling up around the  
world with nowhere good to go.

Join us to discover the story of  
**Sludge** and find out how Nicholas is  
helping to solve the problem.

Click the buttons below to register your class for these  
fun, **FREE** and fascinating **50-minute digital events**.
