

Muhammad al-Fulani

Come and celebrate the fascinating story of **Muhammad al-Fulani**, an 18th century scholar, mathematician and astrologer from Nigeria. He was known for publishing the Arabic mathematical scholarly manuscript titled, "A Treatise on the Magical Use of the Letters of the Alphabet".

Join us on **Wednesday 17 June** for a fun, **free, 50-minute digital** workshop - click the buttons below to register your class.

10am

For students **aged 8 - 11**

2pm

"Come explore the beauty of magic squares with me!"

Meet our expert speaker **LASSINA DEMBÉLÉ** - a Lecturer in Computational Number Theory in the Department of Mathematics, King's College London. Lassina received his PhD from McGill University in Quebec, Canada. He also held various research positions at universities across the world, from the US to Luxembourg.
