

Available now in Perspective Lite

Early 2026 KS2 Data including KS1-2 Progress

Early 2026 Key Stage 2 data, including **KS1-2 progress analysis** with **new quintiles** are now available via Perspective Lite. **Instantly analyse** pupil groups, such as **SEND** or **disadvantaged**.

View Real-Time Data Dashboards, Reports, or Analysis in Perspective Lite by selecting "LA Services" in the top toolbar. Then select "Real Time Data," "Reports (Nova)," or "Analysis (Insight)." > You can then select which key stage/report you want to view.

Data commentary and clear **infographics** of your school data that can be used for management reporting, **saving you time and resources**.

Scrutinise the performance of your pupil groups (including SEN and Disadvantaged), with **local authority, regional and national** comparators.

Dashboards provide a quick view of **emerging key primary indicators** with local authority and national data.

NCER National Data - All local authorities in England load primary school attainment data into NCER systems during the DfE statutory assessment period. This provides **powerful and robust early benchmarks** that schools can view via Perspective Lite.

This early data has been a **proven reliable source of early data** for local authorities and their schools for many years. **Get the best version of available data through Perspective Lite.**
